
Duke Department of Radiology presents

MUSCULOSKELETAL MRI IN MAUI

Clyde A. Helms, M.D.

Sponsored by the Duke University School of Medicine

November 1-4, 2009
The Fairmont Kea Lani
Wailea, Maui, Hawaii

Course Description – This course is an intensive review and update of musculoskeletal MR imaging techniques. The faculty will review the current status of imaging specialized anatomic areas such as the knee, wrist, shoulder, spine, foot and ankle. They will discuss the design and implementation of musculoskeletal imaging protocols. This will provide an excellent opportunity for the practicing radiologist to review the current imaging procedures as well as expose them to the newest procedures and modalities being used.

Target Audiences – Radiologists performing musculoskeletal MRI

Learning Objectives – At the conclusion of this activity, participants should be able to:

- ▶ Discuss the current musculoskeletal MR imaging procedures.
- ▶ Design and implement appropriate musculoskeletal imaging protocols.
- ▶ Apply the current advances in musculoskeletal imaging to diagnosing disease processes in the elbow, knee, wrist, shoulder, spine, hip, foot and ankle.

Accreditation – The Duke University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation – The Duke University School of Medicine designates this educational activity for a maximum of 20 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with their participation in the activity.

Faculty Disclosure – The Duke University School of Medicine adheres to ACCME Essential Areas, Standards, and Policies regarding industry support of continuing medical education. Disclosure of the planning committee and faculty's commercial relationships will be made known at the activity. Speakers are required to openly disclose any limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations.

Resolution of Conflicts of Interest – In accordance with the ACCME Standards for Commercial Support of CME, the Duke University School of Medicine will implement mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

Special Needs Statement – The Duke Department of Radiology is committed to making its activities accessible to all individuals. If you are in need of an accommodation, please do not hesitate to call and/or submit a description of your needs in writing in order to receive service.

Disclaimer – The information provided at this CME activity is for continuing medical education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition.
