FACULTY DISCLOSURE

Disclosure – The Duke University School of Medicine adheres to ACCME Essential Areas, Standards, and Policies regarding industry support of continuing medical education. Disclosure of the planning committee and faculty's commercial relationships will be made known at the activity. Speakers are required to openly disclose any limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations.

Resolution of Conflicts of Interest – In accordance with the ACCME Standards for Commercial Support of CME, the Duke University School of Medicine will implement mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

COURSE DESCRIPTION – This course has been designed for the practicing radiologist performing cardiopulmonary and abdominal imaging procedures. Two days of this course will be dedicated to cardiopulmonary imaging and the other two days will focus on abdominal imaging

The physician should come away from this meeting with improved knowledge of cardiopulmonary and abdominal imaging in the diagnosis of various disease processes

LEARNING OBJECTIVES – At the conclusion of this course the participant should be able to:

- Identify disease processes in the abdominal and cardiopulmonary systems using MRI and CT angiography as well as more conventional abdominal imaging techniques
- Discuss techniques and strategies for diagnosing abdominal abnormalities
- Delineate an approach for evaluating various abnormalities using abdominal imaging including CT and MRI.
- Review and discuss the newest modalities and protocols

ACCREDITATION – The Duke University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION – The Duke University School of Medicine designates this educational activity for a maximum of 20 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

SPECIAL NEEDS STATEMENT – The Duke Department of Radiology is committed to making its activities accessible to all individuals. If you are in need of an accommodation, please do not hesitate to call and/or submit a description of your needs in writing in order to receive service.

DISCLAIMER – The information provided at this CME activity is for continuing medical education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition.
