Discussion of prospective studies W/O Consent at the next meeting

IV. Seed Fund Requests

None

V. R.E. Coleman Resident Research Award.

Role of the CRU- *This is not awarded by the CRU. If these go through the Radiology CRU, we will approve as usual.*

VI. Wiki Site

- Launch date, discussion about how to get people to log in the first time and let Janet know they have done so. *Steve will provide an email to Radiologists and Division Chiefs with instructions for the launch.*

VII. Research marketplace

- Discuss proposal *See email from Dr. Barboriak to CRU members*

VIII. Quick updates

- Identification of physician leadership for CT *Dr. Jaffe appointed*
- Statistical support case control studies

Propensity scores? Inverse probability weighting? Halpern EF. Behind the numbers: inverse probability weighting. *Radiology*. 2014 Jun;271(3):625-8. PubMed PMID: 24848956. *Very little enthusiasm for these methods*

- Duke Department of Radiology Charles E. Putman MD Vision Award 2014 – awarded to Charles Kim, MD *Officially awarded; Dr. Barboriak read a gracious email from Dr. Putnam's wife*
- Update on residuals policy *Kurth will get this onto the Radiology website.*
- Radiology involvement in projects from outside CRUs – contact prior to submission to eIRB for feasibility *Dr. Barboriak will bring this up with the Medical Directors*

IX. **Old Business**

- Guide to RDSP *This is on the Radiology website under "Resources".*
