COURSE DESCRIPTION

This course has been designed for the radiologist who may perform a combination of abdominal, musculoskeletal and neuro imaging procedures. This course will include the most up-to-date techniques in each of these specialized imaging areas.

The physician should come away from this meeting with improved knowledge of the latest techniques and protocols being employed to diagnose various abnormalities.

LEARNING OBJECTIVES – At the conclusion of this course the participant should be able to:

- Discuss the newest imaging techniques and modalities being used to diagnose various abnormalities in the abdominal, musculoskeletal and neuro systems.
- Describe techniques and procedures currently being used in abdominal, neuro and musculoskeletal imaging.
- Analyze new techniques and procedures in abdominal, neuro and musculoskeletal imaging.

ACCREDITATION – The Duke University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION – The Duke University School of Medicine designates this live activity for a maximum of *20 AMA PRA Category 1 Credits™*. Physicians should only

claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE – The Duke University School of Medicine adheres to ACCME Essential Areas, Standards, and Policies regarding industry support of continuing medical education. Disclosure of the planning committee and faculty's commercial relationships will be made known at the activity. Speakers are required to openly disclose any limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations.

RESOLUTION OF CONFLICTS OF INTEREST – In accordance with the ACCME Standards for Commercial Support of CME, the Duke University School of Medicine will implement mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

SPECIAL NEEDS STATEMENT – The Duke Department of Radiology is committed to making its activities accessible to all individuals. If you are in need of an accommodation, please do not hesitate to call and/or submit a description of your needs in writing in order to receive service.

DISCLAIMER – The information provided at this CME activity is for continuing medical education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition.
